Dear Hiring Manager,

I am writing to express my strong interest in joining your team. Bringing a versatile background across digital marketing, social media management, creative design, and IT support, I specialize in combining high-impact visual strategy with technical execution.

Throughout my career, I have developed and managed end-to-end creative campaigns, social media assets, and digital marketing strategies designed to elevate brand visibility. As a Social Media Manager and Senior Graphic Designer, I led the creation of promotional videos, digital layouts, and large-format print media while executing multi-channel visual content to drive audience engagement.

Beyond content creation and social media oversight, my core technical and operational skillset includes:

- **Creative & Social Media Suite:** Advanced proficiency in Adobe Photoshop, Illustrator, Premiere Pro, and Canva for producing promotional videos, marketing collages, and digital media campaigns.
- **Technical & IT Operations:** Hands-on experience in desktop/hardware troubleshooting, network configuration, software installation, and IT support operations, backed by a B.S. in Information Technology.
- **CRM & Data Management:** Practical expertise in vTiger CRM, QuickBooks, and Microsoft Excel for tracking operations, managing records, and processing workflows.

My combined experience in social media management, visual design, and IT operations enables me to manage content streams effectively while easily resolving technical backend challenges. I am excited about the opportunity to bring these skills to your organization.

Thank you for your time and consideration. I look forward to discussing how my qualifications align with your current goals.

Sincerely,

Paul Lester Ivan N. Malana
